Examiner Shin:

Further to our September 14, 2006 telephone conference I attach proposed amendments along with comments for your consideration.

The proposed amendment amends the independent claims to recite adjusting a first set of user data to create an adjusted first set of user data in response to a transaction with a third device, encrypting the adjusted first set of user data to create an encrypted adjusted first set of user data, and transferring the encrypted adjusted first set of user data to a second personal data storage device.

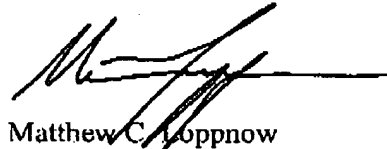

After thorough review of all of the cited references, I believe that Storck et al., Kawan et al., Kramer et al., and Findley, Jr. et al. do not disclosed the claimed feature.

I will file an Amendment incorporating the proposed amendments in due course. Once you have reviewed the proposed amendment, please contact me to discuss what steps we can take to obtain allowance of this application.
